Toro Towel Rail

Product Brochure

Toro
Towel Rail

The Toro Towel Rail combines modern design with efficient, everyday comfort. Its 300W electric heating delivers gentle, consistent warmth, helping to maintain a comfortable bathroom environment all year round.

Designed for reliable daily use, Toro provides consistent heat with low running costs and straightforward electric installation, operating independently of central heating. Crafted from high-quality stainless steel with a sleek powder-coated finish, it offers long-lasting durability.

Available in white or chrome, its clean, understated design complements a wide range of interiors, making Toro a practical and stylish addition to both residential and light commercial spaces.
