Optimum water collection and comfortable hand drying.

300 jets of air strategically placed to remove the water from both sides of your hands without the need for continuous hand movement.

The V7-300 gives the user a comfortable hand drying experience whilst the 300 jets 'massage' the hands dry. Water collection as standard as well as Microban antimicrobial protection, impregnated at the manufacturing stage, which inhibits the growth of bacteria, mould and mildew. The V7-300 is also fully compatible with ZeroGel; a neutralising gel pack which eliminates bad odours and leaves the user with a heightened washroom experience.
