Toro Towel Rail

Velair®

Heater Unit		Specification	
Finishes		White, Chrome	
Construction	**Material**	Stainless Steel (Power coating)	
	Heating element material	Aluminium	
Rated Power		300W	
Input Voltage		230V/50Hz	
Temperature Range		30-70°C (Change every 5°C)	
Insulation Grade		Class I	
Features	**Control Options**	On device control with LED display	
	Timer	Standby/Thermostatic/2h/4h/6h/8h timer	
	Memory	If a power outage occurs, the parameters set at the moment of power failure are saved and will be automatically restored to the settings before the power outage when power is restored.	
	Safety	Overheating Protection	
Product Dimensions & Weight		Product H x W x D	700 x 500 x 13mm
		Tubes	13 x 22mm cross tube
		Net Weight	7.25kg
		Packed Weight	8.7kg
Lead Length		1.2m	
Warranty		3 year 24 hour replacement warranty	
Waterproof		IPX4	
Certifications		CE
